

For over 30 years GSNetworks has been supplying our customers with a wide selection of products and services to meet all their cable connectivity needs. We cater to OEM and VAR customers servicing a variety of market sectors.

Product and Service Markets

- Aerospace
- Military
- High Frequency RF
- Telecommunication
- Transportation
- Commercial
- Medical
- Security

Capability of Cables and Wire Harnesses

- Aero and Mil-Spec Assembly, 38999 Connectors, ARINC
- Audio, Video, Video Low Loss, Breakout
- DIN, D-sub, Firewire, USB, FPC, IDC, PCB
- Ethernet, Network (WAN, LAN), Telco Assembly (InfiniBand, etc.)
- Fibre Optic (Simplex, Duplex, Single/Multi-Mode, Bend-Insensitive, High-Temperature, TFOCA, SFP Connectors, OM1, OM2, OM3, OM4, etc.)
- Hydra Cables and Harnesses
- MTA, SAS, SCSI
- Patch Cords (CAT5/5e, CAT6/6a, Cat7/7a)
- Photovoltaic Cables
- Power Cords, Instrumentation Cables
- T1 Cables (D15, DS3, DS4, RJ45)

Coaxial / RF

- 7/16 DIN, RCA
- Antenna
- BNC, F, MCX, MMCX, N, SNA, TNC
- Custom Microwave Assembly
- Flexible, Semi-Rigid, Hand Formable
- LMR®, Low Loss
- RG, SHV, SMA, SMB, SMC, SSMB
- TwinAx, TriAx, Quadrax
- UHF, Mini UHF

Ribbon Cable

- Board Mount, Card-Edge, SATA
- DIN, D-Sub, FFC, FPC, IDC, PCB, Plug
- Ground Plane, Split Wires
- High Flex, High Speed
- Ribbon, Round to Flat Cable

Additional Features

- Moulded Assembly (Low or High Pressure)
- Ruggedized for Harsh Environments

Value Added Services

- Kanban, Just in Time, Dock-to-Stock
- Custom Packaging

Prototyping and Product Development Support

Our dedicated team provides prototyping and support with product development to ensure that customer needs are met from initial product inception to high volume manufacturing.

Electromechanical Assembly

GSNetworks assembles a wide range of devices which includes control panels, box builds, Din rail assemblies, backplanes and related sub-assemblies.

Cabling Accessories

Patch Panels, Modular Adaptors, Racks, Tools, Cable Management Products, Gender Changers and many other accessories are available.

Additional manufacturing services

Custom Labels – heat shrink or vinyl, single or multiple, color coded, etc.

Wire Preparation – we provide cutting, stripping, tinning, termination.

RoHS Compliant Assemblies – compliant wire, cable, connectors and solder technologies.

ESD Sensitive – ESD safe production area to build or rework PCBs and sensitive devices.

Verification Testing – we test customers products at our facility to ensure delivery of conforming goods.

“Whether you require a one-off prototype yesterday or large volume production, our dedicated team can help you meet your customer commitments with quality solutions.”
